### **Revenue Department Consolidates IFTA, IRP at One Location**

ATLANTA—On April 1, the Georgia Department of Revenue began managing all motor carrier events including the International Fuel Tax Agreement and the International Registration Program through its Motor Vehicle Division at 1200 Tradeport Boulevard in Hapeville, Ga.

Previously, IFTA activities were handled at the Department's central office and the Tradeport location handled only IRP activities.

In addition to IFTA and IRP, the Tradeport location will handle the Single State Registration System, and Intrastate Permitting.

"We believe this new organization will be more convenient for our customers and will reduce transaction times," said Revenue Commissioner Bart L. Graham.

DOR offers three methods to register for IFTA: online at [www.dor.ga.gov](http://www.dor.ga.gov), through the mail and in person. IRP registration can be done either by mail or in person.

Online registration for 2007 IFTA licenses (renewals only) will be available beginning Oct. 1, 2006. The Department plans to expand its online services to include some IRP applications by the end of the year.
